Process for Player Evaluation:

All players will be evaluated by all coaches based on a variety of skills during practices. The skills to be evaluated include defense, ball handling, shooting, court movement, passing, rebounding, conditioning and teamwork. Each coach's evaluation will have equal weight, and all coaches will determine which athletes will play on each team. Prior experience with traveling teams, tournaments, etc.... will have no weight in the process. Each year, the players will have to prove themselves. It is the desire of the coaches to place each athlete on the

team where they will experience the most growth and success according to their ability and skill level during the season.

Player's Responsibility:

- 1 Each player must have a physical before they are allowed to practice – **NO EXCEPTIONS!!**
- 2 Activity fees must be paid to the office by Friday, October 30th.
- 3 Please bring proper clothing, athletic shoes and a water bottle to practice.
- 4 Players must be prompt and ready to practice at scheduled times.
- 5 Players should exhibit a work ethic that exemplifies their desire to be part of the team.
- 6 Players should encourage ALL of their teammates to help develop a "team" atmosphere.
- 7 Inappropriate conduct during practice and/or games will not be tolerated.
- 8 Players should have fun. Basketball is a game!!

As coaches, it is our philosophy that playing basketball for Wachter is a privilege. We look forward to seeing you the first day of practice, and wish all of you the best of luck.

WORK HARD AND DO YOUR BEST!!
